How does this affect your business?

- Indiana's economy loses **\$2.2 billion** each year due to lack of infant and toddler care.
- Morgan County loses and estimated \$61 million each year due to lack of infant and toddler care. (ELI)
- 41% of parents of infants and toddlers report having to turn down a new job offer due to child care problems.
- 85% of primary caregivers said problems with child care hurt their efforts or time commitment at work.
- Almost **two-thirds** of parents of infants and toddlers facing child care struggles report being late for work or leaving work early, and more than half report being distracted at work or missing full days of work.

How we support employers

- Provide onsite referrals
- Compose and Evaluate Employee need surveys
- Evaluate and compose family friendly policies
- Tuition Support
- Local Program Partnerships
- On-site Child Care Services
- Back Up Child Care Spots
- Inform grant opportunities

Employee turnover costs 33% of a worker's total compensation including income and benefits — to replace them.

Family Friendly Policies

- Flexible paid time off and work schedules
- Work-from-home options and phased-in work hours for parents returning from maternity/paternity leave
- The importance of lactation rooms, and exploring bringing your baby to work
- Flexible spending accounts for dependent care that allow for tax-free contributions up to \$5,000
- Partner with nearby or local childcare providers (regular and sick)
- Partner with nearby or local childcare providers to pay a percentage of childcare costs
- Evaluate operating hours and available childcare providers during those hours

For EVERY \$1 invested in comprehensive birth-to-5 early learning services, \$13 is RETURNED to communities.
